R-3: TCR Advanced 2

The most efficient race bikes have the perfect balance of light weight, stiffness and smooth compliance on the road. The TCR Advanced delivers on all three, making it a versatile performer for competitive road riders. The Advanced-grade composite frame manages to shave every gram possible, while retaining pedal-stomping stiffness. The OverDrive steerer system and MegaDrive downtube are engineered for the precise handling so you can rail corners at speed. And the Variant seatpost is engineered for an ideal blend of efficiency and compliance—so you stay fresh until the finish on those big days in the saddle. Shimano 105 5800 group set 11-speed with Compact 50/34 Crank and Giant PR-2 WheelSystem.

G: REVOLT 1

Road, gravel or dirt it's up to you. This new Revolt is purpose-built for adventure. Quick and stable ALUXX SL frame, versatile drop-bar/endurance oriented geometry with large-section tyres that are ideal for comfort and control on unpredictable terrain and the wide ergo-shaped handlebar offers added control. Disc brakes give you the confidence on rugged roads and trails, the full length cable housing produces smooth and precision shifting that won't be compromised by dirt and mud. X-Defender downtube guard protects the rider and bike from road or trail debris.

M-2: PHATOM 29" 0

This all-new 29er blends the efficiency of a classic hardtail with purpose-built modern frame geometry. The result is confident handling for a wide range of XC pursuits. And with its larger diameter 29-inch wheels, Fathom 29 gives riders an added boost of stability. The lightweight ALUXX SL aluminum frame has a 69-degree head angle that's designed specifically for its 29er wheels and a 100mm suspension fork. So you get optimal power and efficiency on the climbs, and total control on the descents. FOX 32 SC Performance 100mm suspension fork, Shimano XT 2x11-speed drivetrain, Shimano XT hydraulic disc brakes and Giant XC 3 29" wheelset.

E-w: e-bike Liv AMITI E+ 1

With the Amiti E+ feel the freedom to explore more gravel paths and the roads, spending weekends with friends outdoors. The Amiti-E+ dissolves the barrier between you and your passion to pedal the journey. With the integrated motor and battery design, this is a bike that can keep up with your will to move! The wider tires add extra comfort and stability on any surface, Disc brakes give you a precise braking and control in all terrain and variable weather conditions making Amiti-E+ the perfect bike to get you rolling.

- Giant SyncDrive Sport central motor with 5 levels of speed control
- Giant Energy Pak 500 lithium-ion battery
- SR Suntour NEX HLO suspension fork w/ lockout
- Shimano 9-speed drivetrain
