

This bike tour will take you into the heart of Valdera for around 30km, following a network of very quiet back roads, on the crests of the hills and among olive groves and vineyards, in the heart of the Pisan Hills in the Terre di Pisa.

This tour, like the others in this hilly area, is particularly recommended for people in good physical condition, but anyone can take it on by hiring our e-bikes!

The start and end point of this cycling experience will be one of our partner farms in the area, giving you the opportunity, at your discretion, to visit them and taste the excellent local products. Here, you will be given your chosen bike in the right size for your measurements (height and weight, male/female), which you provide when booking. You will also be given a helmet and a water bottle, and then our representatives will take care to seat you correctly on the bike and provide you with the practical instructions needed for the tour.

At this point you will be ready to cycle for around three hours, immersed in the countryside, surrounded by the hills of the "Terre di Pisa". You will pass through the villages of Montecastello, Montefoscoli, Palaia and Forcoli, where you can stop for a leisurely coffee in the village bar and enjoy the relaxed atmosphere of our little villages, where the rhythm of life has changed very little over the years. After catching your breath, it's back on the bike, in the certainty that before long you will find the perfect viewpoint for taking beautiful photos and enjoying the landscape...

On your return to the departure point, you will return your bikes and accessories to our representative, who will be available for technical assistance for the entire duration of the tour. Naturally, the staff at the farm will be available in case you want to finish your day with a tasting session of their fantastic products, led by professional tasters, as a souvenir to help you remember the beautiful "Terre di Pisa" that have welcomed you for this unique experience.
