

Our bike tour will take you to discover the colours and fragrances of the Val d'Era, following the Strada del Vino through the Pisan Hills. A journey through villages and over the crests of hills, from which you can see wonderful views over the vineyards and their ordered rows, typical of this beautiful area of Tuscany.

Considering the hilly landscape of the area, this tour is particularly recommended for people in good physical condition, but anyone can take it on by hiring our e-bikes!

The start and end point of this cycling experience will be at one of our partner wineries in the area, so you will have the opportunity, at your discretion, to visit them and taste the excellent local wines. Here, you will be given your chosen bike in the right size for your measurements (height and weight, male/female), which you provide when booking. You will also be given a helmet and a water bottle, and then our representatives will take care to seat you correctly on the bike and provide you with the practical instructions needed for the tour.

After this, you will be ready to cycle 30km on quiet streets, immersed in the countryside, surrounded by the hills of the "Terre di Pisa". The first stop will be Terricciola, and then you will continue on to Chianni. Here, we recommend stopping for a leisurely coffee in the village bar and enjoying the relaxed atmosphere of our little villages, where the rhythm of life has changed very little over the years. After catching your breath a little, it's back on the bike towards Morrona. Along this stretch there is no shortage of viewpoints for evocative panoramic photos of the Tuscan countryside where you can breathe the clean, regenerative air, thanks to the large green areas.

Near the end of the tour, you will pass through Terricciola again before arriving swiftly at the departure point, where you will return your bikes and accessories to our representative, who will be available for technical assistance for the entire duration of the tour. Naturally, the staff at the winery where we have fixed the arrival point will be available in case you want to finish your day by tasting local wine and toasting the beautiful "Terre di Pisa" that have welcomed you for this unique experience.

OVERVIEW

- Season April to October
- Hilly terrain, back roads with low traffic
- Distance 28km Elevation gain 450mt
- Estimated biking times 3 hours

INCLUDED

- English speaking staff/assistant
- GIANT 27speed hybrid bikes
